

1st June - Friday		
9:00-10:00	Registration	Chairpersons' Meeting
10:00-11:00	Workshop Session 1 (parallel)	
11:00-11:30	Coffee Break sponsored by OPTO CENTAR Poster Presentation	
11:30-12:30	Workshop Session 2 (parallel)	
12:30-14:00	Lunch Break	
14:00-15:00	Workshop Session 3 (parallel)	
15:00-15:30	Coffee Break sponsored by OKTAL PHARMA SLOVENIA Poster Presentation	Round Table - Education and Competences in Optometry in the Countries of Central and South-Eastern Europe
15:30-16:30	Workshop Session 4 (parallel)	
17:00-17:15	Conference Opening Ceremony - moderators: Alen Stranjik, Kristina Mihić President of the Scientific Committee: Božo Vojniković President of the Organizing Committee: Ivan Toth	
17:15-17:20	GOLDEN SPONSORS, ESSILOR, CIBA Vision&ALCON&Splendor	
17:20-17:40	Robert Chappell: Diploma and the Pilot Accreditation Process	
17:40-17:55	Michal Krasňanský: Optometry in World and Europe	
17:55-18:10	Zdeslav Vukas: The Role of Optometrists in Ophthalmic Refraction Treatment	
18:10-18:25	Helmer Schweizer: The CLEER- Project	
18:25-18:40	Karen Sparrow: Creation of Pilot Scheme to Raise Awareness of Optometry and Optics as Career Options for 14-16 Year Olds	
18:40-18:55	Alina Kinder: A Clear Answer Will Have to be Found to the Following Question: How Many Information Can Parents Tolerate to Help Their Newborn Child?	
18:55-19:10	Hilmar Bussacker: VISION 2020 and Refractive Errors	
19:10-19:40	Peter Gumpelmayer: 4 Pillar Model for Low Vision Rehabilitation in Austria	
Each presentation is followed by a short discussion		
20:00-21:00	Welcome Drink	
22:00	SPLENDOR PARTY	
2nd June - Saturday		
1. Optical Technology		
9:00-9:35	Keynote speaker Wolfgang Sickenberger: New Investigational Techniques and Devices for the Observation of the Anterior Segment of the Eye	
9:35-9:50	Invited speaker Mirna Šitum: Clinical Aspects of Contact Dermatitis and Sometimes Nervous Discomfort from Eyeglasses Frame and Optical Materials	

9:50-10:05	Emil Zavadlav: Advances in Progressive Lens Design and Manufacturing
Each presentation is followed by a short discussion	
10:05-10:35	Coffee Break sponsored by OKTAL PHARMA SLOVENIA Poster Presentation
2. Contact Lenses	
10:35-11:10	Keynote speaker Raphael L Eschmann: Contact Lenses in Babies, Infants and Adolescent Children
11:10-11:25	Gustav Pöltner: Measuring of Corneal Thickness of Contact Lens Wearers with Keratoconus and Keratoplasty by means of Optical Coherence Tomography (OCT)
11:25-11:40	Rajko Pokupec: Keratoconus - Contact Lens Treatment and Long Period Monitoring
11:40-11:55	Jasminka Salopek-Rabatić: Glaucoma Patients and Contact Lenses - How to Fit - How to Treat
11:55-12:10	Imre Kovats: Tap Water and Contact Lenses
12:10-12:25	Robert Wachtler: Effect of Extended Wearing of Contact Lenses on Visual Acuity and Low Contrast Sensitivity
12:25-12:40	Jasminka Salopek-Rabatić: How to Prevent and Treat Anisometropic -Amblyopic Child by Contact Lenses
12:40-12:55	Igor Petriček: Lens Replacement Habits in Soft Contact Lens Wearers
Each presentation is followed by a short discussion	
12:55-14:30	Lunch break
3. Refractive Errors and Testing of Visual Functions	
14:30-15:05	Keynote speaker Andreas Berke: Presbyopia and Accommodation
15:05-15:20	Matjaž Mihelčič: Current Concepts in Myopia Control
15:20-15:35	Olaf Schmidt: Refraction – Myths and Facts
15:35-15:50	Matěj Skrbek: Binocular Correction in Patients with Age-related Macular Degeneration
15:50-16:05	Petr Veselý: Simple Binocular Vision Examination on Synoptophore
Each presentation is followed by a short discussion	
16:05-16:35	Coffee Break sponsored by PRIMUS CONTACTUS Poster Presentation
4. Refractive Surgery up to date	
16:35-17:10	Keynote speaker Nikica Gabrić: Laser Refractive Surgery
17:10-17:25	Invited speaker Iva Dekaris: Correction of Presbyopia with Diffractive and Refractive Multifocal Intraocular Lenses
17:25-17:40	Synek Svatopluk: The Latest Generation of Intraocular Lenses, the Problem of the Eye Refraction after Cataract Surgery

17:40-17:55	Radek Anderle: The Current State of Refractive Surgery
17:55-18:10	Jan Vaverka: Pocket Technique Corneal Collagen Cross-Linking for Keratoconus-Case Report
Each presentation is followed by a short discussion	
21:00	Gala Dinner
3rd June-Sunday	
5. Eye Health	
9:00-9:35	Keynote speaker Stefan Bandlitz: The Use of Vital Dyes in Clinical Practice
9:35-9:50	Dragica Kosec: Keratoconus Incidence among Young People
9:50-10:05	Rajko Kordić: Testing of the Retinal Acuity in High Myops with Cataracts as Prognostic Parameter of the Postoperative Visual Acuity
10:05-10:20	Jitka Bělíková: Correlation of Age-related Cataract Density Graded by the Scheimpflug Imaging System with Visual Functions and Phacoemulsification Energy
10:20-10:35	Sonja Jandroković: Tear Film Status of Glaucoma Patients
10:35-10:50	Rajko Kordić: Application of Amniotic Membrane Extract (AMX) for Persistent Epithelial Defect (PED) of the Cornea
Each presentation is followed by a short discussion	
10:50-11:20	Coffee Break sponsored by DEA LENS PROJECT Poster Presentation
6. Systemic Conditions and the Eye	
11:20-11:55	Keynote speaker Hans-Jurgen Grein: What do Retinal Vessels Tell about Systemic Disease?
11:55-12:10	Xhevat Lumi: New Aspects of Treatment of Diabetic Retinopathy
12:10-12:25	Martina Tomić: The Role of Inflammation and Endothelial Dysfunction in the Pathogenesis of Diabetic Retinopathy
12:25-12:40	Renata Peternel: Influence of Aeroallergens on the Incidence of Conjunctivitis in Zagreb and the Zagreb County
Each presentation is followed by a short discussion	
12:40-13:00	CONCLUSION
13:00	Conference Closing
